The Last Frontier As A
Supporting Member**

Join Online at apoaonline.org

Join APOA as a Supporting Member and become part of the best public safety resource in the State of Alaska.

Alaska is the largest state in the nation, but our public safety community is small. The Alaska Peace Officers Association brings together public safety professionals in a close-knit network, bringing you in contact with peers across Alaska at the local, state, and federal levels.

APOA provides training and educational opportunities to our members—training that is nationally recognized and cutting edge. APOA is part of the Alaska community sponsoring educational scholarships to our youth, supporting non-profit and other charitable events in our state.

APOA is for You.

Our membership is diverse, working across local, state, and federal agencies.
